

Seminar on “Renewable Energy Resources and Energy Harvesting” (20 – 23) February, 2023.

Physics Department, GC Theog organized seminar on various topics of Renewable Energy Resources and Energy Harvesting. All students of BSc-3rd Year were given topics and they explained the topic assigned by LED Smart Panel with great enthusiasm. At the end of the presentation various questions were asked by the students related to the topic. This was also a learning experience for the students. The seminar was organized with the aim that students get to know about the need of renewable, non-conventional energy sources.

Anshika and Dikshit of BSc-3 Presented their Topic.
