

Department of Chemistry Government College Theog

Report on World Ozone Day Celebration – 16th September 2024 *Organized by the Faculty of Sciences*

The Faculty of Sciences at Government College Theog, including the Department of Chemistry, commemorated **World Ozone Day** on **16th September 2024** with great enthusiasm. The event aimed to spread awareness about the critical role of the ozone layer in protecting life on Earth and the detrimental impact of its depletion on the environment and human health.

A variety of engaging competitions were organized to mark the occasion, including **PowerPoint presentations**, **poster-making**, **slogan-writing**, and a **quiz competition**. The event began with a series of insightful PowerPoint presentations prepared and delivered by students. These presentations effectively covered the causes, consequences, and potential solutions to ozone layer depletion, and emphasized the importance of global cooperation through initiatives such as the **Montreal Protocol**.

The **poster-making competition** witnessed remarkable creativity, as students visually expressed innovative ideas and strategies for conserving the ozone layer. Alongside this, a **slogan-writing competition** was conducted, where participants came up with impactful and catchy slogans that reinforced the message of environmental protection and ozone preservation.

The event concluded with an engaging **quiz competition**, where students from various science disciplines showcased their knowledge on ozone-related topics. The quiz not only enriched students' understanding but also encouraged a spirit of friendly competition.

In a show of commitment, both students and faculty members took a **pledge to protect and preserve the ozone layer**, reinforcing their dedication to environmental sustainability.

Overall, the celebration of World Ozone Day was a resounding success. It significantly raised awareness among students and staff and inspired collective efforts towards safeguarding the ozone layer and the environment.
