Department of English

Report on B. ed Coaching Classes

The Department of English organised B.Ed. Entrance Coaching Classes from **12 May to 18 May 2025** with the objective of supporting aspiring students in their preparation for the B.Ed. entrance examination. The programme was designed to familiarise students with the exam pattern, strengthen their subject knowledge, and provide targeted guidance through focused practice sessions.

A total of **six students** registered for the coaching classes. Despite the small batch size, the sessions were conducted with regularity and personalised attention. The faculty ensured that each student received adequate academic support and clarification of doubts.

Since 12th May was a gazetted holiday, the first session was conducted online to avoid any disruption in the schedule. The subsequent classes were held offline, allowing for better interaction, participation, and practice-based learning.
