Government College Theog

Report on Educational Lecture Series Conducted by the Department of Computer Science

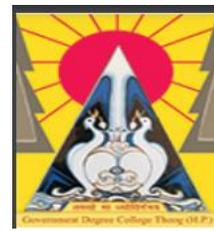

Activity 1:

An expert lecture was delivered by the faculty of the Department of Computer Science, Govt college Theog at the Centre of Excellence, Government Degree College, Sanjauli during the On-Job Training / Workshop on “Coding Bootcamp” held on February 22, 2025. The event was organized by the Department of Computer Science, Government College Sanjauli under the DBT Star College Scheme. The session focused on imparting practical coding skills and motivating students to pursue programming as a foundation for careers in technology and data science.

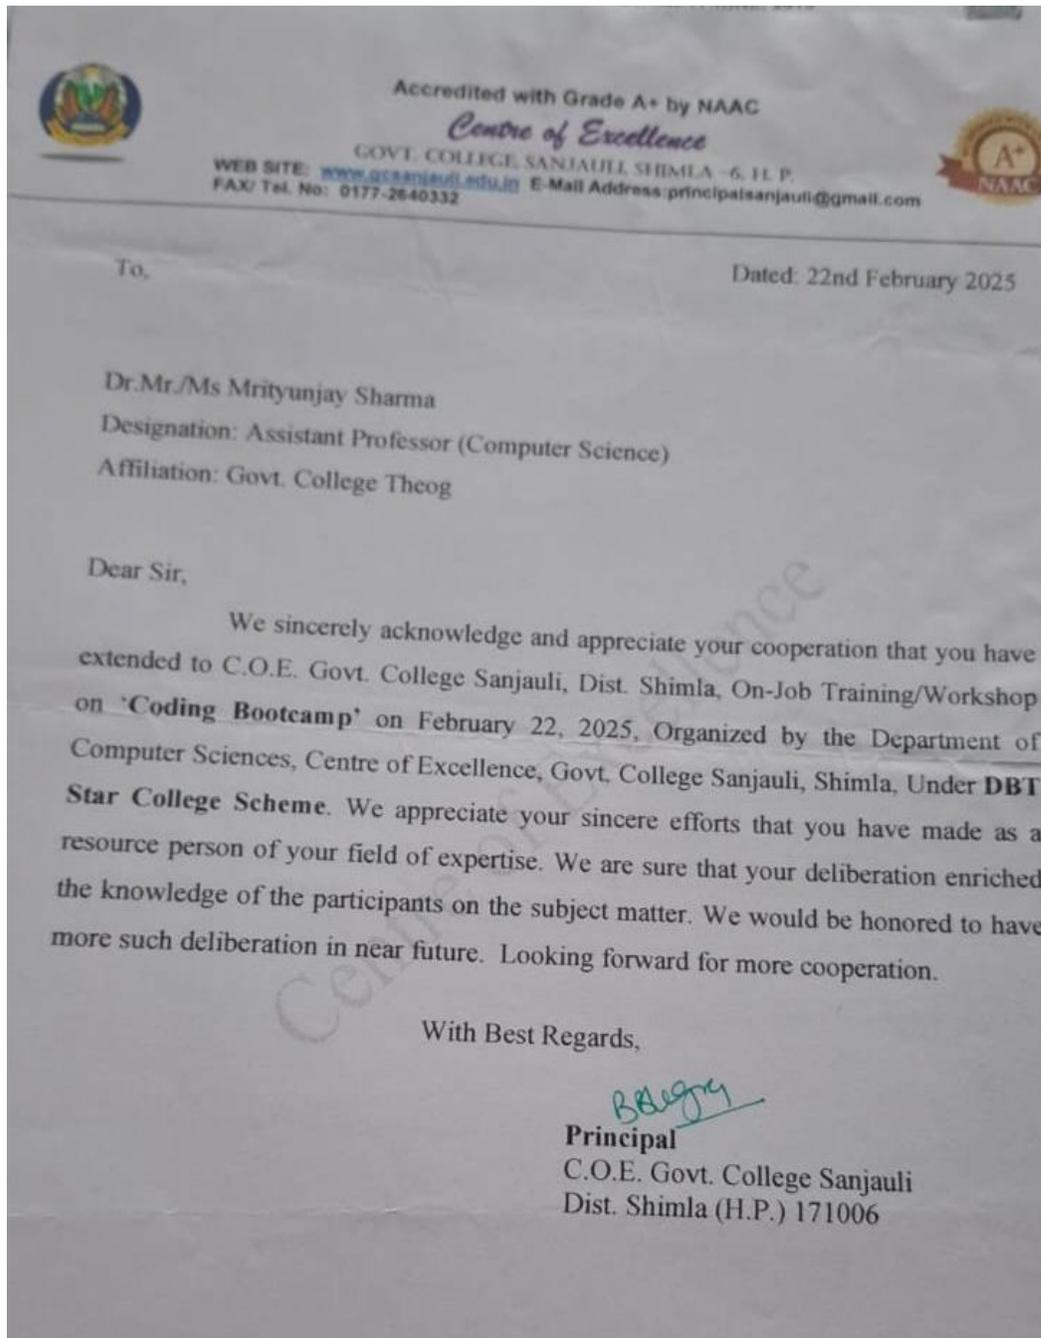

Activity 2:

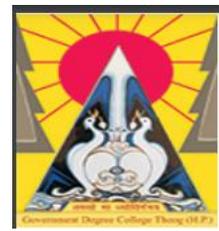

Mr. Mrityunjay Sharma, Faculty of Computer Science, delivered educational lectures at Government Senior Secondary School Tiyali, Government Senior Secondary School Dharech, and Government Senior Secondary School Nahol on August 5, 2025. During these interactive sessions, he emphasized the importance of studying Computer Science in the modern world and discussed various career opportunities available to graduates in this field.

He also highlighted how Artificial Intelligence (AI) is revolutionizing industries and transforming the way people work, encouraging students to embrace technology and learn AI-related skills to stay relevant in the future job market. The sessions were well-received by the students, who actively participated and expressed great interest in pursuing Computer Science as a field of study. The lectures successfully inspired young learners to explore coding, technology, and innovation as career paths.
