

## Himalaya Day 09 September, 2023.

Himalaya Day is celebrated annually on September 9th to raise awareness about the importance of preserving the Himalayan ecosystem. This year, on September 9, 2023, our college celebrated Himalayan Day under the guidance of the entire Science faculty, including the departments of Mathematics, Physics, Chemistry, Botany, Zoology, and Computer Science, in collaboration with the Eco Club and the Red Ribbon Club.

The celebration featured various activities such as poster-making, a slogan-writing competition, and PowerPoint presentations, with about 80 students enthusiastically participating and showcasing their innovative ideas. Principal Dr. Lalita Chandan addressed the students, highlighting that the Himalayas are a source of strength and a valuable heritage for the entire world, which makes their preservation essential. She emphasized that increasing human interference poses a significant threat to this ecologically sensitive region.

In the poster-making competition, Vanshita Mehta from B.Sc. 1st year won 1st prize, followed by Nidhi Sharma from B.Sc. 3rd year in 2nd place, and Navneet Sharma from BA 1st year in 3rd place. In the slogan-writing competition, Ankita from BA 2nd year secured 1st prize, while Nidhi Sharma from B.Sc. 3rd year and Karan Jaglaik from B.Sc. 3rd year won 2nd and 3rd prizes, respectively. In the PowerPoint presentation competition, Vanshita Mehta from B.Sc. 1st year took 1st place, with Nidhi Sharma from B.Sc. 3rd year and Avnish from B.Sc. 3rd year earning 2nd and 3rd positions, respectively.
