Government College Theog

Report on MCA Entrance Coaching Classes
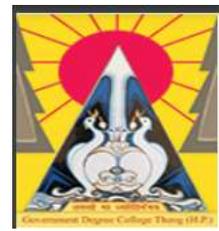

(Session 2025–26)

The Department of Computer Science, Government Degree College, Theog organized coaching classes to help students prepare for the MCA entrance examinations. The initiative was taken to provide academic support and guidance to aspiring students aiming for postgraduate studies in computer applications.

The coaching classes commenced on 5th May 2025. The classes were conducted by Mrityunjay Sharma, Assistant Professor, Computer Science. Prior to the commencement of the classes, a notice was displayed on the college notice board and students were also informed through the official WhatsApp group to ensure maximum participation.

Around six students attended the coaching classes. The batch included current students as well as some passed-out students who wished to appear for the MCA entrance examination. The sessions focused on strengthening core concepts, problem-solving skills, and entrance-exam-oriented preparation.

The outcome of the coaching classes was encouraging. Two students successfully qualified the HPU MCA entrance examination and are currently pursuing their MCA degree. One student secured admission to M.Sc. Artificial Intelligence and Data Science at Himachal Pradesh University. Additionally, one student is pursuing a Post Graduate Diploma in Computer Applications (PGDCA).

Overall, the coaching classes proved to be beneficial and effective in guiding students towards their academic and career goals.
