

Report on career Counselling October, 2019

In October 2019, the Career Counselling and Placement Cell of Govt. College Theog organized a career counselling session for students. Nimbus Academy Chandigarh was invited to address the students regarding career opportunities in Science, Humanities, and Commerce. Nimbus Academy representatives discussed various career paths in science, including research, healthcare, and engineering. Insight was provided into careers in education, social work, public administration, civil services, government jobs and career options in commerce, including finance, accounting, marketing, and business management, was given. The significance of professional certifications like CA and MBA for advancing in commerce-related careers was discussed. Members of Nimbus Academy motivated students to consider careers in civil services and bureaucracy. Guidance was provided on the preparation, requirements for civil services, competitive exams, and entrance tests for higher education was shared.

Students actively participated in the Q&A session, seeking advice tailored to their individual career interests. Nimbus Academy experts provided personalized guidance on career planning and job market trends.

The career counselling session was highly beneficial for students, offering comprehensive insights into career opportunities across Science, Humanities, and Commerce. The collaboration with Nimbus Academy Chandigarh equipped students with the knowledge and tools needed to make informed career choices.
