

Report on Career counselling February, 2020

In February 2019, Career Counselling and Placement Cell of Govt. College Theog organized a comprehensive virtual career counselling program aimed at guiding students towards making informed decisions about their future careers. This event was facilitated by various esteemed faculty members from different departments, each bringing their unique perspective and expertise to the session. In this event Dr. Anupama Garg , Principal of Govt. College opened the event with a speech on the importance of career counselling and how it can shape students' futures. In this event different faculty members of different streams addressed the students regarding career opportunities. faculty members of Science Department discussed various career paths in the fields of science specially in Chemistry, Physics and Boteny emphasizing emerging fields such as research scientists, Analytical chemist, plant biologist, engineer Environmental consultant, research physicist and medical physicist. Faculty of Commerce provided insights into careers in finance, marketing, human resources, and entrepreneurship. He also highlighted the importance of internships and professional certifications. Faculty of Humanities spoke about career options in higher education, public policy, politics, Teaching, research, Bureaucracy and social work.

The career counselling event at Gove College, Theog in February 2019 was a resounding success. It effectively addressed the career-related concerns of students and equipped them with the knowledge to make informed decisions about their futures. The college plans to organize similar events in the future to continue supporting students in their careers.
