Report on the Celebration of National Space Day Government Degree College, Theog Date: 23rd August 2025

The **National Space Day** was celebrated with great enthusiasm and academic spirit at Government Degree College, Theog on 23rd August 2025. The programme was organized by the Faculty of Science with the objective of promoting awareness about space science, fostering innovation, and highlighting India's remarkable achievements in space exploration.

The event witnessed active participation from both students and faculty members. The programme commenced with a series of informative PowerPoint presentations delivered by B.Sc. first-year students, namely Samiksha, Devender, Anshita, Shikha, and Siddharth. Their presentations reflected a keen interest in space science and covered various aspects of space exploration, recent advancements, and India's contributions in this field.

A quiz competition on National Space Day was conducted by Dr. Vikas Nathan, which proved to be both engaging and enlightening. Students actively participated, demonstrating their knowledge and curiosity about space-related topics. In addition to this, several other activities such as poster-making, slogan writing, and model-making competitions were organized, providing students with an opportunity to showcase their creativity and scientific thinking.

A documentary highlighting India's contribution to space research was also screened, which further enhanced students' understanding and appreciation of the country's progress in the domain of space science.

The session was addressed by Dr. Bupinder Singh Thakur, Principal of the college, who appreciated the enthusiasm and active involvement of the students. He emphasized the importance of nurturing scientific curiosity, innovation, and critical thinking among young learners.

The programme concluded with a vote of thanks delivered by Dr. Nidhi Dhatwalia, Dean of Sciences, who acknowledged the efforts of the organizers and participants in making the event a success. The celebration ended on a patriotic note with the singing of the National Anthem.

Overall, the event was highly inspiring and educational, fostering creativity, teamwork, and a spirit of inquiry among the students while reinforcing the significance of space science in today's world.
