

Report on Career Guidance and Counseling Programme for Outgoing Students (Session 2025–26)

The Department of Geography organized a **Career Guidance and Counseling Programme** for the outgoing students of **B.A. 3rd Year** during the academic session 2025–26. The session was conducted by **Prof. Rashika Sharma and Dr. Rajesh Kumar, Assistant Professor of Geography**, with the aim of providing guidance to students regarding higher education and career opportunities after graduation. During the programme, students were informed about various academic options such as **M.A. in Geography**, specialized courses in **GIS and Remote Sensing**, as well as opportunities in teaching, research, and competitive examinations including civil services and other government jobs. The resource person also highlighted the importance of developing technical and analytical skills in areas like **Geographical Information System (GIS), Remote Sensing, environmental management, urban planning, and disaster management**. The session was interactive in nature, where students actively participated and clarified their doubts regarding future career paths and skill development. The programme proved to be highly beneficial for the students as it helped them understand different career avenues and motivated them to plan their academic and professional future effectively.
