

Activities of Department of Geography **Govt. Degree College Theog**

Session- 2023-24

"Tree Plantation and Eco-awareness Drive" on 03 August 2023

Considering the rapid degradation of the environment due to anthropogenic activities, tree plantation is the urgent need of the hour. With a promise to save environment, the students of Department of Geography, Govt. College Theog carried out "Tree Plantation and Eco-awareness Drive" on 03 August 2023. The students along with the faculty members planted saplings in the Botanical garden/glass house. The saplings of Pees Lilly, Croton, Majesty Palm, Araucaria and various ornamental and medicinal plants were planted during the drive and removed dead or unnecessary grass and plants. Prof. Rashika Sharma and Prof. Rajesh Kumar, Deptt. of Geography addressed the gathering and emphasized the importance of trees in every aspect of human life. They further added that planting of trees is especially important to protect our environment against air pollution and global warming.
