

## **Report on Tree Plantation Drive** **EK PED MAA KE NAAM**

The NSS Unit of Government College Theog, in collaboration with the NCC Unit of the college, successfully organized a Tree Plantation Drive on 22 August 2025 near the area specified by the Forest Department, which is near New Bus Stand, Theog. The programme was conducted under the theme **“Ek Ped Maa Ke Naam”** with the objective of promoting environmental conservation and encouraging students to actively participate in ecological protection activities.

The event was led by Dr. Vikas Nathan, Dr. Bavita Thakur, and Mr. Chandresh Verma, whose guidance and motivation inspired the volunteers throughout the activity.

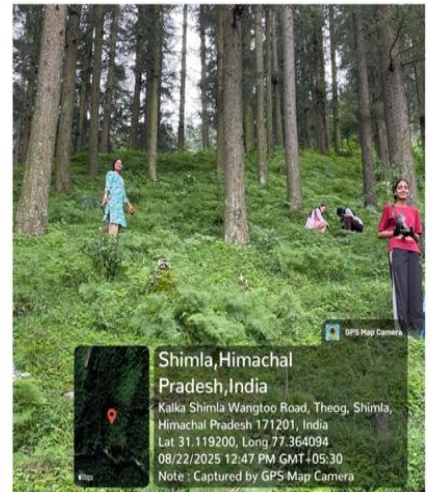

A total of 96 NSS volunteers enthusiastically took part in the Environment Conservation and Protection activities. During the drive, more than 100 saplings of Devdar, Ban, Kail, and other indigenous varieties were planted in the designated area. The volunteers worked with great dedication and team spirit to ensure proper plantation and initial care of the saplings.

In addition to the plantation activity, the volunteers also undertook the responsibility of maintaining and nurturing the trees planted during last year's drive. This step reflected the unit's commitment not only to plantation but also to the long-term survival and growth of the trees.

The collaborative effort of NSS and NCC units made the event highly successful and impactful. The programme concluded with a message highlighting the importance of afforestation and the collective responsibility of students in protecting and preserving the environment.
